April 15, 1952.....	(Special)

MEETINGS

During the year, eleven meetings of the Board were held. Three of these were regular meetings for the examination of candidates. The remaining eight were special meetings for the transaction of business. They were held on the following dates:

May 15, 1951.....	(Special)
June 18-21, 1951.....	(Exam)
June 27, 1951.....	(Special)
July 17, 1951.....	(Special)
September 1, 1951.....	(Special)
October 15-18, 1951.....	(Exam)

EXAMINATION OF CANDIDATES

At the three examination meetings, sixty-six candidates were successful in passing and were registered. The following thirty-four candidates were registered at the June, 1951, examinations:

Robert Eugene Allen, Shelby
 William Franklin Allen, Cherryville
 Frank Barnett, Jr., Henderson
 Ralph Edward Carter, Jr., Kelford
 William Davis Cash, Chesnee, S. C.
 Walter Allen Clodfelter, Jr., High Point
 Robert Eugene Collins, Richwood, W. Va.
 Mills Henry Doyle, Emporia, Va.

Paul Lewis Fisher, Mecklenburg Co., N. C.
 James Chandler Gabriel, Mooresville
 Charles Howard Gaddy, Ingold
 Alvis Burton Gilliam, Jr.,
 Rockingham Co., N. C.

James Gordon Grantham, South Hill, Va.
 Harvey Clifton Greeson, Gibsonville
 Ray Truman Hudson, Catawba Co., N. C.
 Douglas Alexander McCormac, Maxton
 James Conrad McGee, Jr., Franklin
 Milton Alvin Moore, Jr., Tarboro
 Eugene Moskowitz, Bronx, N. Y.
 William Warren Northcott,
 Randolph Co., N. C.

Sarah Bradshaw Pegram, Lenoir
 Douglas Allen Roberts,
 Johnson City, Tenn.

 Hughel Faxton Padgett, Forest City
 Robert Russell Sampson (col.), Clinton
 Clarence LeRoy Swearngen, Charlotte
 Olin Henderson Welsh, Elliott, S. C.
 Waits Artemus West, Roseboro
 Lloyd Milton Whaley, Beulaville
 Earl Gaston Williams, Gastonia
 William Alexander Williams, Roxboro

The following ten candidates were registered at the February, 1952, examinations:

Margaret Frances Booth, Wake Co., N. C.
 William Edward Davis, Warren Co., N. C.
 James Paul Greene, Bakersville
 Francis Carl Hammerness,
 Glasgow, Montana
 Benjamin Russell Harward,
 Chatham Co., N. C.
 John Palmer Horton, Jr., North Wilkesboro
 Dolores Antoinette Kubiak, Donora, Pa.
 William Neal Robertson, Jr., Laurinburg
 Dale Melvin Shepherd, Ball
 Henry Grady Thomas, Jonesboro

REGISTRATION BY RECIPROCITY

During the period covered by this report, twenty-six applications for reciprocal registration were accepted and six were rejected. These six applicants did not submit satisfactory evidence that they met the requirements for registration in North Carolina. Those registered were as follows:

James Lee Patterson, May 31, 1951
 Georgetown, S. C., from South Carolina
 Ann Carson Hershberger, June 22, 1951
 Durham, N. C., from South Carolina
 Carlton Oliver Winter, June 22, 1951
 Monck's Corner, S. C., from South Carolina
 Edward Brisson, July 20, 1951

SUMMARY OF DRUG STORES REGISTERED

Based upon the applications for the renewal of drug store permits and for original permits, the following drug stores have been registered:

Total number of pharmacies
in the State.....881
(a) Number classified as hospital
 pharmacies 21

(b) Number classified as retail

 pharmacies (drug stores).....860

These pharmacies (retail) are further classified as follows:

(1) Number serviced by
 1 pharmacist565
(2) Number serviced by
 2 pharmacists219

(3) Number serviced by 3 pharmacists	39
(4) Number serviced by 4 pharmacists	2
(5) Number serviced by 5 or more pharmacists	1
(6) Number serviced by permitted physicians	34

Those listed as hospital pharmacies are classified as follows:

(1) Number serviced by 1 pharmacist	15
(2) Number serviced by 2 pharmacists	4
(3) Number serviced by 3 pharmacists	2

The ownership of the retail pharmacies is vested as follows:

Stores owned solely by pharmacists	379 or 44.0%
Stores owned by pharmacists and non-pharmacists	264 or 26.0%
Stores owned solely by non-pharmacists	217 or 26.0%

COMMENTS

The statistical data relating to the age, employment status and educational qualifications of the pharmacists on the active board roster have been compiled as usual for the fiscal year immediately past. Likewise the information has been gathered on the number and kind of pharmacies and the personnel serving them.

During the past year a total increase of sixty-three pharmacists has been made to the active roster. This compares with an increase of seventy-nine for the preceding year. Of the sixty-three additional pharmacists only thirty, or less than half, are engaged in pharmaceutical pursuits. Twenty-five of these are in retail practice. The thirty-three who remain on the active list but are not engaged in pharmaceutical pursuits are accounted for by those pharmacists who have retired or have become otherwise engaged. It is to be regretted that more of this number did not see fit to locate in or to remain in retail practice where they are so badly needed.

The average age of the pharmacists has remained the same as last year. The usual 1% decline in the average age did not materialize this year. The figures show again

that 43.2% of all pharmacists on the active roster and 42.6% of those in practice are over fifty years of age.

As of April 30, 1952, there were eight hundred and eighty-one pharmacies in operation in the state. Of this number twenty-one are classified as hospital pharmacies and eight hundred and sixty as retail pharmacies. Thirty-four of the eight hundred and sixty retail pharmacies are operated under physicians' permits in towns of less than six hundred population. Compared to the statistics for last year there has been an increase of twelve pharmacies in the state. Ten of these are retail and two are hospital pharmacies. The number of "permitted physician" stores has declined by four during the past year. The number of so-called "one man" drug stores has also decreased by four. The number of pharmacies being staffed by more than one pharmacist has increased by nineteen. The changes noted by the above figures represent a trend which has been evident for several years. Although the rate of this change has been somewhat slower during the past year, it is believed that the trend is definitely established and will be accelerated when more qualified pharmacists are available.

In each annual report of the Board for the past several years, attention has been called to the shortage of pharmacists which exists in North Carolina. Progress on the efforts to correct the situation has been reported. All are familiar with the disappointments which we have experienced at not having funds provided for adequate teaching facilities and personnel. Being forced to adopt the attitude that "all things come to him who waits," it now appears that the prospects for the realization of a new building for the School of Pharmacy are good. Both Chancellor House and President Gray of the University have assured us that the building for the School of Pharmacy is Number One on the list of permanent improvements for the University at Chapel Hill. Whether or not funds for any permanent improvements will be made available by the General Assembly is a matter to be seen. The faculty of the School of Pharmacy, the North Carolina Pharmaceutical Association, and the Board of Pharmacy have all been active in making

the need for the enlargement of facilities felt. The one remaining job to be done is that of thoroughly informing the members of the legislature of the critical need for pharmacists in North Carolina. Special interests have used this shortage to try to influence the passage of legislation which would lower standards of licensure and practice. The members of the legislature should be informed as to how the expedient of lowering standards is not to the best interests of the public and that the only way to solve this problem is to provide adequate training facilities and personnel. The idea of a larger building and faculty for the School of Pharmacy is not something that would just be nice to have—it is a dire necessity if we are to prevent a breakdown in the standards of pharmaceutical education and practice in North Carolina. It now becomes an obligation of every pharmacist in the State to do his share in making this need understood. North Carolina has too much invested in training facilities for the health profession to neglect the important part played by pharmacists in rendering health service.

PRESCRIPTIONS

For an idea of the magnitude of professional service rendered by the pharmacists of the State, it will be interesting to note the number of prescriptions filled in North Carolina last year. From the applications of 693 drug stores reporting the number of prescriptions filled, there was an average of 15,105 prescriptions filled in each store. Projecting this average to the total number of stores, there were 13,307,000 prescriptions filled, or about 3 for each man, woman and child in North Carolina. This is an increase of slightly less than 1.5 million over last year.

NEW LOCATION OF BOARD OFFICE

On November 15th the office of the Board was moved from the School of Pharmacy, where it has been located for the past eight years, to the Institute of Pharmacy. It was with mixed feelings that the decision to relocate the office was made. During the entire stay at the School of Pharmacy the Board received the utmost cooperation from the faculty and other school personnel. This

close association with the school and the N. C. P. A. "under one roof" proved quite beneficial to the Board. It was with much reluctance that this arrangement, of necessity, was discontinued due to lack of space. The Board would like to acknowledge at this time a debt of gratitude to the University and to the School of Pharmacy for providing space for the office during those eight years. We should further like to emphasize that the separation has been a physical one only.

The Board now occupies a suite of larger offices in the magnificent new Institute of Pharmacy Building at 109 Church Street in Chapel Hill. Additional spaces such as the conference room and the auditorium are available for Board use when needed. This additional space has proved quite advantageous to the Board not only from the standpoint of its day-to-day activities but particularly in holding its monthly business meetings. The officials and personnel of the N. C. P. A. have been most helpful in assisting the Board in carrying on its work by making the facilities of that organization available whenever desired.

BEAL MEMBERSHIP PRIZE

Mr. R. E. Carter, Jr., of Wilmington, made the highest average of all candidates taking the examinations during the calendar year 1951 with an average of 92%. He is, therefore, recommended for the prize of one year's membership in the North Carolina Pharmaceutical Association.

PHYSICIAN-OWNED CLINIC PHARMACIES

In the evolution of the several health professions during the past half century, the lines of demarcation outlining the spheres of activities of each have become more pronounced. In the past twenty-five years this development has graduated to a point of what might be called professional domain. This growth has been generally accepted by all of the health professions, and infringements of one profession upon another have been denounced in the codes of ethics of most of the professions. In very recent years, events have occurred which seem to indicate that the abandonment of this established method of handling health affairs might be beginning. Specifically what is referred to

here is the apparent interest being displayed by some physicians, who band themselves together in what are called clinics, in operating pharmacies as a part of or in connection with these so-called clinics. No effort will be made here to try to explain this interest or why it has developed. It is felt, however, that some comment on the practice is indicated.

From a casual observation one might gather that such an arrangement as outlined above would be a good thing. It certainly possesses the advantages of convenience for the patient and for the serving professions. The factor of time saved is another element for consideration. There are further arguments which might be advanced in support of this consolidated enterprise. There are other considerations, however, which condemn it as not being in the public interest. From the pharmacist's point of view it will doubtless be branded as a breach of professional ethics and as unfair competition. In the opinion of the Board of Pharmacy, physician-owned pharmacies are not to the best interests of the public for the reason that the choice of the serving pharmacist is virtually denied. It requires little imagination to visualize the potential for exploitation of the patient, both by the pharmacist and the physician, when the patient is denied the right to choose where he will have his prescription filled.

Fortunately these combinations have not developed to any appreciable extent in North Carolina. We should, however, profit from the experiences of some of the other states and arrest this undesirable development. It is recommended that the Interprofessional Relations Committee of the N. C. P. A. meet with the corresponding committee of the Medical Society for a frank discussion and solution of this problem. It is predicted that unless some such action is taken in the very near future developments will occur which will reflect on the good reputation of both groups. But what is worse, the public will stand to suffer conditions from which it cannot protect itself.

REVISION OF PHARMACY LAW

During the year since the last convention of this association, a subcommittee appointed from the Committee on the Revision

of the Pharmacy Law has been at work on the redrafting of the Proposed Pharmacy Law. A report of this work will be made to you during this convention. While the bill which will be reported to you does not contain some of the features which the Board feels should be included, it bears the full approval of the members.

In regard to a new law, it should be said that there are a great many weaknesses in our present law which should be corrected in the public interest and in the interest of the profession. There are other features which might well be deleted. The new proposal will accomplish this goal. The most important aspect of the bill which is to be presented for your consideration is that it abolishes confusion with respect to what the requirements of the pharmacy law are and provides reasonable procedures for the correction of infractions of these requirements. It is believed that the law as it is now drawn will merit the endorsement of all segments of pharmacy and the drug industry.

INSPECTION AND LAW ENFORCEMENT WORK

For a portion of this year the Board has employed one full-time and two half-time inspectors. On January 15th this year, Mr. Lester V. Chalmers, Jr. resigned his position as inspector with the Board. Since that time Mr. T. H. May (on a full-time basis) and Mr. William Storey (on a half-time basis) have carried on the inspection work. At this point we are pleased to present the inspectors who will report to you.

REPORT OF THOS. H. MAY

To the members of the North Carolina Board of Pharmacy I have the honor to submit herewith a summary of inspection and investigative work from April 30, 1951, to May 1, 1952. I have made 1,108 inspections of establishments and 373 miscellaneous calls and investigations in 392 towns and villages, covering the following classifications:

Retail Drug Stores.....	984
Wholesale Drug Companies.....	8
Soda Shops	61
Physicians offices	40
Hospitals	12
Grocery Stores	3
Miscellaneous	373

making a total of 1,481 inspections. I have covered the entire state during the year, with the exception of an area in the northwest counties of the state. During this period, I have been greatly encouraged with the results obtained by following a planned program of activity rather than hastening regularly scheduled routes, thereby giving more time and effort where inspection service was most needed. All establishments found in violation have, of course, been listed with the Board, and I am pleased to report my findings at this time. Deliberate violations are not as numerous as might be expected, in that the general feeling now is to clean up and modernize drug stores and operate the prescription department ethically, legally, and in a true sense of professional service. For those who have yet to reach this decision, it is suggested that it is the announced policy of the Board to enforce the law now and in the future as it applies to the operation of any place where medicines are dispensed, pharmaceutical preparations, chemicals, poisons, and dangerous drugs for human consumption, on prescription or otherwise, are sold. Furthermore, mere ownership of a drug store in no way satisfies the requirement of technical qualifications necessary to operate that drug store or a license to practice pharmacy in North Carolina. This is certainly true as long as we have interested and qualified students applying to our colleges for proper training to serve our people after successfully completing these requirements.

It is my opinion, after careful observation and records of visits to all sections of the state, that the monthly meetings of the Board are serving to relieve more pressure and misunderstanding than any phase of our law enforcement program. In all instances where I have requested a person or persons to meet with the Board to discuss his or her problem of the correction of a situation seemingly so hard for us to sense, they have gone back to the store apparently happy and satisfied.

In past years, as you are aware, we have spent much time and effort to improve the method of operation of the prescription rooms of the drug stores in the state, and I have observed great progress in this respect. In many instances I have found that when

the pharmacist is absent the prescription room is locked until his return. The situation is not so gratifying in the numerous hospitals being built or already in operation in the various counties throughout the state. Some of these hospitals have regularly established pharmacies with a pharmacist employed. However, many of the hospitals have "Pharmacy" on the door but state that it is just a drug room. In truth, it is a drug room, filled with dangerous drugs and no pharmacist, an employee of the institution doing the dispensing. I am discouraging the dispensing of general pharmaceuticals and all dangerous drugs wherever possible in these institutions. This necessitates additional enforcement duties to perform in the weeks to come. The same is true of some store prescription departments in retail pharmacies which the public interest demands to be brought into line.

Concerning the so-called Soda Shops, the method of the operation of many of these is very misleading insofar as the public is concerned. They are frequently confused with drug stores. For this reason it is felt that more attention must be devoted to this type of establishment.

It is found that practically all wholesale drug companies in the state are cooperating in refusing to ship dangerous drugs and patents containing poisons to the general merchant and soda shops.

Physicians, generally, are showing considerable interest and cooperation in support of the Durham-Humphrey bill. In at least one county I have been advised that the Medical Society requested the pharmacists to meet with it to discuss the bill.

In conclusion, I wish to thank the Board of Pharmacy, particularly Secretary McAllister, for their good support of my work, also Mr. Storey for his able assistance when called upon.

Respectfully submitted,
Thos. H. May

REPORT OF MR. WILLIAM M. STOREY

To the members of the North Carolina Board of Pharmacy: Herewith is submitted my report covering inspections and special work for the North Carolina Board of Phar-

macy during the year May 1, 1951, through April 30, 1952.

Before going into the statistics of this report, I believe that a few general remarks concerning the general conditions found to exist in pharmacy in North Carolina during the past year should be made.

First of all, it is my opinion that conditions generally with regard to the operation of drug stores have improved considerably over what they were just a few years ago. It is a real exception now to visit a store and find that prescription service has been delegated to a person who is not qualified by law to render such service to the public in the absence of supervision by one registered by the North Carolina Board of Pharmacy. In almost every instance it will be found that the stores are in charge of and under the immediate supervision of a registered pharmacist, and in those stores where the pharmacist is temporarily out, it is found that the clerks, for the most part, are holding prescriptions for the return of the pharmacist. Very few stores have been visited at night; therefore, there is very little upon which to base any conclusion or statement as to conditions to be found in our stores at that time. It might be added, however, that during the coming year more stores will be visited at night.

As has been the case every year, there have been some stores which were found to be in violation of the law. The unsatisfactory conditions found have been corrected satisfactorily. There have been several occasions when it has been necessary to resort to the courts in order to correct violations of our pharmacy laws, but this was done only as a last resort.

It is my opinion that pharmacy has made considerable progress as a public service profession in this state during the last few years. I feel that a great deal of this progress is due to the awakening of professional pride on the part of our pharmacists. They seem to be realizing more and more that pharmacy is a profession of the first order, and that it is an honor to be numbered among them.

During the past year I have made a total of 705 visits in 168 towns in the state. These calls have been made as follows:

Retail drug stores.....	546
Wholesale drug companies.....	6
Soda Shops	52
Physicians	3
Hospitals	25
Grocery Stores	8
Manufacturers	2
Special Calls	63

705

Most of these calls were made in the western part of the state; however, I did make one complete tour of eastern North Carolina stores during May through September of the past year. I find that, generally speaking, conditions are about the same in both the east and the west.

There are many improvements which should be made in our pharmacy laws, which in some instances are unintelligible and inequitable. These faults in the law seem to be taken care of in excellent fashion in the proposed bill which is to be presented to the convention this year. I urge the Board to study this law closely and to support its provisions. Our thoughts along this line would seem to be well summed up in a quotation I once heard. It went something like this. "Lord, give me the courage to change those things which I can change, the strength to endure those things I cannot change, and the intelligence to know the difference between the two."

Respectfully submitted,
William M. Storey.

The only observation on these reports is one of commendation for the good service which these men have rendered during the past year. The inspection work is one of the most important functions of the Board. Disagreeable as it may be at times, our inspectors have done a good job. It is hoped that events will occur which will enable the Board to make additions to the inspection staff. The approach which the Board makes to its law enforcement activities was outlined in detail in the last annual report. This year's work has followed along those same lines.

DISCIPLINARY ACTION

As the inspectors have told you, they have been able to correct many minor irregu-

larities during the course of their visits. Some infractions of a more serious nature, however, such as those which the inspectors do not have the authority to settle on the scene, have been reported to the Board for attention. During the year cases falling into this category have resulted in forty-one persons appearing before the Board. Satisfactory solutions of the reported problems were made during or immediately following the meeting with the Board in all but two of these cases. With these two cases it was necessary to resort to the courts. One case was brought to trial, and the offender was convicted and fined. In the other case, the court issued a temporary restraining order prohibiting a person not licensed as a pharmacist from practicing pharmacy. A hearing on the matter has been repeatedly postponed by the counsel for the defense, and the restraining order still remains in effect.

The renewal of the licenses of four pharmacists has been withheld as a result of excessive use of intoxicants. (One of these was subsequently renewed.) The renewal of the license of one pharmacist is being withheld pending a hearing on his alleged aiding and abetting a person not licensed as a pharmacist to render pharmaceutical service in violation of the law. The license of one pharmacist was revoked as a result of his having been convicted of violation of the Harrison Narcotic Act and being sentenced to prison. The court has recommended that this pharmacist's license never be reinstated.

FINANCIAL REPORT

The following is a financial report of the Board of Pharmacy for the period from May 1, 1951, through April 30, 1952, as contained in the Audit Report of Mr. Raymond L. Price, C.P.A.

RALEIGH, N. C.

May 10, 1952

To the Officers and Members of the North Carolina Board of Pharmacy:
 Gentlemen:

As requested, we have audited the financial records of Mr. H. C. McAllister, Secretary and Treasurer of the North Carolina Board of Pharmacy for the period from May 1, 1951 to April 30, 1952 and the attached statement of Cash Receipts and Disbursements presents a summary of operations for the fiscal year.

All Receipts entered on the Cash Book were traced to the bank. Disbursements for the fiscal year were made for apparently proper purposes and are supported by signed, paid checks, receipted bills, etc.

The Balance on Hand at April 30, 1952 consists of the following :

CASH ON HAND:

The Bank of Chapel Hill.....	\$ 9,836.63	
Cash in Safe: Petty Cash.....	6.97	\$ 9,843.60

INVESTMENTS:

U. S. Treasury Bonds (2½%).....	5,000.00
TOTAL BALANCE APRIL 30, 1952.....	<u>\$14,843.60</u>

The Cash in Bank was reconciled and verified. Cash in Safe was counted. The five U. S. Treasury Bonds of \$1,000.00 each were inspected.

The fidelity bond for the Secretary & Treasurer, in the amount of \$5,000.00, has been continued. A fire insurance policy on office equipment, in the amount of \$2,500.00, was examined.

The records are in excellent condition and no difficulty was experienced in preparing this statement therefrom. During the progress of the examination all books, records and papers were placed at our disposal and every assistance rendered and courtesy extended that would facilitate our work.

Respectfully submitted,

R. L. PRICE,

Certified Public Accountant.

It will be noted from the above figures that the disbursements for the past year have been approximately \$5,000.00 more than the receipts. This is the second year in succession that this deficit has occurred. It has been due to the increased activities of the Board and to the sharply increased cost of all phases of the work resulting from the rise in prices generally. The Board has been able to expand and maintain its activities and services under this adverse condition due to the surplus of funds accumulated during the war years. It has been the policy of the Board for many years to maintain a surplus of \$5,000.00 for emergency use. The surplus which the Board now has left consists solely of this emergency fund. Assuming that the receipts of the Board remain constant and that there will be no further rise in costs, the funds now on hand will be sufficient to finance the activities of the Board at its present level for the next fiscal year and perhaps for four months thereafter. However, unless some additional revenue is provided by that time, it will be necessary for the Board to seriously curtail its activities. In the proposed revision of the Pharmacy Law, the fee for the renewal of the drug store permit has been changed from \$10.00 to \$20.00. Should this measure be adopted, it will increase the revenue of the Board by about

\$8,800.00 annually. This amount will be sufficient not only to continue the present level of Board activities but will permit the employment of two inspectors on a full-time basis instead of the one full-time and one half-time inspector which we have at present. Regardless of whether the other features of the proposed law revision are adopted or not, it will be necessary for some increase to be made in the revenue of the Board or to accept a curtailment of the progress made during the past few years. This is a matter for the members of this association to decide. It is to be hoped that the same far-sighted vision will be shown now as was in 1945, when the permit fee was raised from one to ten dollars. The fact that this was done then, in time, prevented what otherwise would have been disastrous times during and after World War II. The days immediately ahead hold what promise to be dangers of a far greater degree, even though they are different. The Board trusts that the pharmacists of the state will invest wisely in their future and in the future of the health of the people of the state.

This report is respectfully submitted.

North Carolina Board of Pharmacy.

H. C. McAllister,
Sec.-Treas.

List of Registered Pharmacists

(Revised July 15, 1952)

The registration number immediately precedes the name of the pharmacist. The state of original registration appears in () after the names of those pharmacists registered by reciprocity. The year immediately preceding the location of the pharmacist is the year of registration.

Please notify the Secretary promptly of any changes in address.

List of Drug Stores

(Revised August 1, 1952)

The number preceding the name of the drug store indicates the permit number of that store. Addresses for each store are listed where given. Person listed immediately following drug store was certified as pharmacist in charge (or permitted physician) on the application for the renewal of the permit. (*) denotes drug store operated under physician's permit.
